

The amey logo features the word 'amey' in a lowercase, sans-serif font. To the right of the text is a stylized graphic consisting of several thin, curved lines that fan out, resembling a sunburst or a stylized 'e'.The graphic for 'Summer Driving' is set against a background image of a city street at sunset. The sun is low on the horizon, casting a warm, golden glow over the scene. Several cars and vans are parked along the side of the road, and a few pedestrians can be seen on the sidewalk. The overall atmosphere is warm and summery.

Summer Driving

Applied 
driving techniques

Summer mileage increases by almost 20% compared to colder months. Prepare yourself for driving throughout the summer with our handy tips below.

Tips For You

- **Doubling Temperatures** - Never leave young, elderly, or vulnerable people alone in your vehicle as it can quickly exceed the temperature outside.
- **Burning Seats** - Check your child's car seat and any buckles to prevent burns.
- **Protect Your Furry Friends** - Dogs are unable to cool themselves which can have fatal consequences. Don't leave pets in the car, even if the windows are open!
- **Stay Hydrated** - Dehydration can cause dizziness and fainting.
- **Sunglasses for Summer** - Use sun visors and sunglasses to prevent your vision becoming impaired in bright daylight.

Tips For Your Car

- **Burning Rubber** - Make sure your tyres aren't over-pressurised as the tyres and air inside heat up with the weather.
- **Thirsty Engine** - Check your car fluids are at the correct level to prevent overheating which can potentially damage the engine.
- **Electric Heat** - Test or replace your battery as heat can take its toll. Watch out for engine warning lights and get your vehicle checked regularly.
- **Breakdown Essentials** - Carry an emergency kit in your car in case of a breakdown. This should include a water bottle, jump leads and a reflective emergency blanket to use for shade.
